

Waging Peace Machines Schools Project Teachers' Professional Learning Design Thinking Workshop

A workshop that equips teachers to support their students in design thinking.

Who:

Primary and secondary school teachers*, all disciplines, who have registered their participation in MOD.'s *Waging Peace Machines Schools* project.

When: May 23, 2018. 4:30 – 6:45 pm. (duration 2.25 hours)

Cost: Free - Light refreshments will be provided.

Where: MOD. North Terrace (adj Morphett St Bridge), Adelaide

What:

Australia's leading future-focussed museum MOD. (a brand new venture of the University of South Australia) is inviting South Australian primary and secondary students to contribute to their next exhibition *Waging Peace*. The exhibition will present students' designs – both 2D and 3D – in response to the question:

What could a peace machine look like?

The question invites engagement across all curriculum areas and is a fantastic opportunity for authentic project-based learning through a challenging, real-world problem.

And it provides a rich vehicle for teachers across disciplines to collaborate: perfect for GEM, STEM and STEAM.

To get you started, we are offering a professional learning workshop – for teachers and schools who register their interest to participate in *Peace Machines Schools Project* – which will provide opportunities to:

- Learn ways to approach complex problems, and support students in the design thinking process,
- Explore the possibilities for cross-curricular integration that such an open-ended problem presents,
- Share and discuss ideas with other professionals,
- Enjoy a VIP tour of MOD. – the newest and most innovative addition to Adelaide's cultural boulevard, North Terrace.

MOD. IS A FUTURISTIC MUSEUM OF DISCOVERY, A PLACE TO BE AND BE INSPIRED.

MOD.

Why:
